08 GET IN TOUCH

Welcome

Thank you for choosing to work with JB Contracting for your interior design project. In this document, you'll find a range of questions to answer so that we gain an understanding of your current circumstances and your desires for your home interior.

This discovery form will go through the information we need to make your project successful. It will give you the chance to tell us about your current set up, your wishes for the new design and will also ask about your style likes and dislikes.

We understand this document is long and it may feel daunting to fill out. If you do not feel comfortable answering some of the questions, please skip and move on, but the more information and insight you can give us into your current home design and what you wish for the new design to provide, the more successful this project will be.

Please reach out if you need any help along the way

- ☐ Lower Mid Range - *Ability to spend on special items*
- ☐ Higher Mid Range - Happy to spend more for a better quality product
- ☐ High End - *Push the budget to achieve a high end aesthetic*

What Happens Next?

Consultation No. 1

After receiving your completed discovery form, we will set up a meeting to review the answers, confirm the brief with you to check we have understood it correctly and answer any questions you may have. A site measure will be undertaken (Method determined by package)

Concept Design

Once we have measurements of the space, we will commence the concept design and start spatially planning.

Consultation No. 2

When we are ready to present the first draft of the design, we will set up a meeting with you to go through the proposal as well as going through a design moodboard to review furniture and color choices.
